

The Key to Managing your Aids and Adaptations

Price guide

AiDA enables Housing Associations, RSL's and Local Authorities manage the full life cycle of requests for Aids and Adaptations. The software is highly configurable and readily installed. It enables organisations to adhere to the DCLG's Good Practice Guide Lines.

Prices start from as little as £5000 for small organisations and rise depending on the number of properties.

Installation prices include a fixed number of meetings including a functional fit and data load review meeting.

Additional Options

Maintenance & Support. For just 20% of the purchase price per year you can protect your investment by receiving regular software updates and unlimited technical support.

On Site Training is £500 per day for groups (plus expenses), or £200 per user at our site in Skelmersdale, Lancashire. Self training using the manuals supplied is FREE.

Data Loading if held electronically is £500 per day (usually 2-3 days required.)
